Both Houses Adopt Fitting Resolutions on the Old Warrior's Death—A Number of Bills Introduced and Several Passed, under Ohio State News.

COLUMBUS, O., Feb. 17.—The execution of Carl Bach, in Wood county some years ago, was revived in the house yesterday. Dr. Spencer secured the passage of a bill in the house paying Aveer, the Democratic sheriff of Wood county, \$200 for the expenses of the execution. A political feud influenced the commissioners from allowing the bill at the time of the hanging, but now the people and commissioners are favorable to paying for Bach's execution.

Both branches of the legislature paid a tribute to the memory of Gen. W. T. Sherman, by fitting resolutions adopted immediately after assembling and the senate will attend the funeral.

Among the bills introduced were the following:

Requiring that line fences may be kept up where the lands are occupied and improved.

Making the jurisdiction of courts in township ditch proceedings same as in county proceedings.

Regulating primary elections in Hamilton county, and prohibiting proxies in conventions.

Providing for a non-partisan board of control in Hamilton county.

Making disorderly conduct and use of obscene language on railroad trains a misdemeanor.

The department was called out and extinguished the flames with much trouble. Several of the firemen were severely shocked. The cable and all the wires were turned out and all telephone connections stopped. The fire is thought to have originated from an electric wire crossing a telephone wire.

She died last week and was buried without religious rites.

A FLOOD EXPECTED

Along the River—Heavy Rains at the Mouth.

CINCINNATI, Feb. 17.—All day Monday the river rose at the rate of an inch an hour. A flood is anticipated, but not a very disastrous one. Monday noon the river at the water works registered 45 feet 4 inches in the channel.

Pittsburg and Vicinity.

Monday afternoon the following was received from Pittsburg:

The steady down pour of rain since yesterday has had the effect of more or less seriously impeding travel on almost every railroad entering the city. The largest landslide that has occurred on the Baltimore and Ohio railway for several years now covers the tracks for a distance of 300 feet and nearly half that in depth near West Newton. Passengers are being transferred at the slide, but the tracks will not be cleared for several days. The Vionghogieny river is bank full and rising. A big flood is feared.

Reports from Greensburg are that the streams in that vicinity are over their banks and many of the people living on the lowlands have been driven from their homes.

The Manor Valley and Alexandria Branch railroads are covered in many places with water and slides. The lower end of Greensburg and the air grounds are entirely submerged. Already the damage to property is great, the water still rising.

Johnstown reports the highest water in Stony creek and Conemaugh river since the flood. The Poplar street bridge, Cambria railroad bridge, a temporary bridge at East Conemaugh, Eleventh ward bridge, and the partly constructed Walnut street bridge have all been destroyed. The cellular in the lower part of Johnstown are filled with water, and work at the Cambria from company's plants has been suspended. Already the water backing up through the sewer into the mills and furnaces.

The water is now two feet higher than at any time since the great flood and still rising. A telegram from Shade Creek says the large log boom is liable to break at any time. Should this happen the destruction of bridges will be complete. The snow up the Conemaugh valley is eighteen inches deep, while in Somerset county it is several feet. The water from the Stony creek has commenced to flow over the business part of the city.

HALF A MILLION FIRE LOSS.

A Volunteer Fireman Loses His Life Under a Falling Wall.

CHICAGO, Feb. 17.—A Seattle, Wash., special says: News comes from New Westminster, B. C., that that city suffered a loss yesterday of nearly a half million dollars by fire. It also caused the death of John M. Cannon, a volunteer fireman, who was buried under a falling wall. Another man is said to be buried in the ruins. Fire started in the premises occupied by E. S. Sisk, a bookbinder, and spread to the whole block of buildings was ablaze before the firemen got to work.

When the flames were nearly under control an explosion occurred, bursting all the hose pumping on the fire and breaking every pane of glass within a radius of half a mile. The Nasine Temple, adjoining, which had up to this time been considered safe, now caught fire. It was a four-story building, valued at \$50,000, and was occupied as an office building. Nothing was saved of this structure, but the papers from the registry office.

A Fatal Accident.

PITTSBURGH, Feb. 17.—As an accommodation train on the Pan-Handle road was entering the city yesterday morning a stone weighing 50 pounds rolled down a hillside south of the Monongahela river and crashed into a car. Miss Clara Fleming, of Washington, Pa., was crushed to death in her seat, and a young man sitting beside her had a narrow escape. The accident caused the wildest excitement on the train. At the point where it occurred it is 200 feet almost perpendicular from the tracks to the hill top.

Severe Result of a Friendly Scuffle.

BRAZIL, Ind., Feb. 17.—Morgan Troutman, of Kalamazoo, and Ed. Baker, of Indianapolis, engaged in a friendly scuffle, when a revolver in Baker's pocket discharged accidentally, the ball lodging in Troutman's spinal column, producing complete paralysis.

## ANOTHER HORROR.

Fifty Acres of a Pennsylvania Mine on Fire.

A NUMBER OF LIVES ARE LOST.

How Many No One Knows Just at Present—One Report Says That Only Three People Have Been Burned to Death While Another Report Says That Fourteen Lives Were Lost.

PITTSBURGH, Feb. 17.—A special to The Times from Connelleville, Pa., says: Fifty-six acres of the Moyer mines owned by W. J. Ramsey &amp; Company are on fire. Three persons are known to have been burned to death. How many more men have perished the management of the mines are not prepared to say and rumor here fixes the loss of life at not less than fourteen people.

There was no explosion in the mines as has been reported. The mine has never been known to contain gas, and while the authorities here are discreetly silent, it is known that the striking miners throughout the region are charged with having set the mine on fire to secure a general suspension of the Ramsey works.

The names of the unfortunate who are known to be in the burning mines are:

James Waddell, aged 22.

John and Robert Rohovec, aged 12 and 14 respectively.

Those who claim to know say that ten or twelve Hungarians were also in the mine when the fire started, but the officials of the mines say all the miners have been accounted for except the three mentioned above. The mine is now being flooded. Borland's creek, six feet wide and swollen, has been turned into the mouth of the shaft, and with an utter abandon for the unfortunate who are in the mines will be saved.

Since daylight the great body of water, forming a solid shaft six feet in diameter, has poured into the ponderous tomb and yet it is not full. There has been no effort made to save the men in the mine. The fire cut off all possible hope for their rescue and, as the company has no list other than their pay roll, they are as completely mythical as outsiders.

THE DEAD GENERAL.

Final Arrangements Made for the Burial of the Late Gen. Sherman.

NEW YORK, Feb. 17.—The remains of Gen. Sherman will be placed in the burial casket to-day and taken to the front parlor of the first floor. Until yesterday evening they lay in the upper chamber, in which the general died. The great commander will be dressed in the full uniform of a general of the United States army.

Until Thursday none but members of the family will be permitted to see the body. The smallness of the house will admit of only a few viewing the remains, and only those will be admitted who make a request. This will be the only occasion upon which the remains can be seen.

During the morning hours yesterday there were but few visitors at the house, but in the afternoon a number of military officers called, among them being Gen. Miles. He arrived about 3 o'clock and remained in the house about half an hour.

The funeral car will be placed on a regular St. Louis fast express of the Pennsylvania road at 6:30 Thursday evening. The train is expected to arrive in St. Louis, Saturday morning at 7:30. Only a few of the general's family and relatives will go to St. Louis, and only one car will be used by them. President Roberts, of the Pennsylvania, has tendered the family the use of his special car. No extra car will be allowed for those desiring to accompany the remains on their westward journey.

The President Will Attend the Funeral.

WASHINGTON, Feb. 17.—The president, while not positive, will probably attend the funeral of Gen. Sherman, in New York on Thursday. He will if he attends, be accompanied by nearly all the members of the cabinet. A large detachment of army and navy officers will attend, going to New York on a special train.

Some confusion existing as to when the government departments shall be closed the president has constrained the executive order to mean that the government offices in New York shall close on Thursday, and the executive departments at Washington and the government offices at St. Louis and such other cities as desire to hold memorial services on Saturday the day of the burial of Gen. Sherman at St. Louis.

Others, it is said, cannot be considered.

COLUMBUS, Feb. 17.—Governor Campbell has received a telegram from Gen. Thomas Loring in New York in answer to his telegram claiming the body of Gen. Sherman for burial in Ohio. It states that the fact that Gen. Sherman's wife and three children are buried in St. Louis preclude the idea of interring Gen. Sherman anywhere else.

General G. A. R. Orders.

RICHMOND, Va., Feb. 17.—The following order has just been issued from the headquarters of the Grand Army of the Republic in the city by the commander-in-chief: Post in the route of the funeral train of Gen. Sherman, from New York to St. Louis, will form at their respective railroad stations and salute as train passes.

It is who want to work.

Gravel, Iowa, Feb. 17.—The chiefs of the Iowa militia met at Police Sunday, and gave up a memorial to President Harrison, asking their treaty with the United States for sale of lands be not sold but be sold to the Indians before spring, so they may make ready to put in crops.

## More Deaths in the Jewish Community.

ST. PETERSBURG, Feb. 17.—A Jewish physician named Chasmanovich and the rabbi, Mark's, both residing in Grodno, have been arrested and exiled from that province for two years. Their offense is said to have consisted in the sending of a petition to the government in behalf of the Jewish community demanding redress for an outrage committed by a Russian doctor named Grando, who is accused of having branded the word "thief" in three languages on the forehead of a Hebrew lad. The boy was charged with having stolen a small quantity of fruit.

The petition declared that the case was one which would excite the indignation of the civilized world.

A Youth Robbed of a Large Amount.

LONDON, Feb. 17.—A clerk named McKenzie, a youth about 17 years of age, was actually robbed yesterday of a satchel containing £11,500 in Bank of England notes of denominations ranging from £1,000 downwards. The thieves were of genteel appearance, in fact rather dandified, and the police believe that they are expert American criminals, who have been watching young McKenzie probably for weeks. Knowing that he was entrusted with large amounts of money and awaiting their chance to rob him. They got clean away with the biggest haul of the kind in this generation. The notes can be easily disposed of.

Dockers' Strike Growing Serious.

LONDON, Feb. 17.—The dockers' strike here has resumed a very grave aspect. Lightermen who attempted to unload 20,000 frozen sheep have withdrawn, asserting their lives to be in danger from violence threatened by the strikers.

At Cardiff the situation is almost equally serious. In consequence of the shipping troubles, to New Zealand mutton has gone up one penny per pound and a further advance is feared.

Railway Building in Chile.

LONDON, Feb. 17.—The Chilean government and those of German bankers who furnish money for the construction of railways in Chile are engaged in a quarrel. The bankers decline to advance money as the work proceeds, as has heretofore been the case. President Balmaceda demands that they pay as hitherto.

Striking Dockmen Defeated at Cardiff.

CARDIFF, Feb. 17.—Thomas Mann, the labor leader who came here from London in the hope of settling the dock laborers' strike, has failed in his mission. The employers peremptorily refuse to discharge the new hands, and it is practically conceded that the striking dockmen are defeated.

German War Vessel Sent to Chile.

BERLIN, Feb. 17.—The government has sent a warship to the coast of Chile to protect the interests of German subjects residing in that country.

CHINA AND JAPAN.

Fire Destroys the Japanese Legislative Buildings—Other News from the Orient.

SAN FRANCISCO, Feb. 17.—Advices per Yankomania, from Hong Kong and Yokohama, are to the effect that on the night of Jan. 19 fire broke out in the center of the Japanese diet, and after destroying the house of representatives spread to the house of peers, which also burned to the ground. It was rumored that the fire was incendiary, but it is said to have been originated by the electric light with which the houses are furnished. The cost of the two buildings was \$27,000. Three firemen were badly injured.

Heavy falls of snow are reported at Hokodate and other parts of Japan.

Indignance, which has been general, caused much distress among the poorer classes. A Privy Councillor Yefu, tutor of emperor, succumbed to the disease Jan. 21.

The Shanghai Mercury says that Viceroy Chang Chi Tung, of Hankow, has refused to receive a deputation from the Russian manifestos, two to arrange a visit of the czarovich, and that the latter in consequence will go direct from Hong Kong to Japan.

The weather has been very cold in Tien Tsin, and the Peiho is frozen over.

A new epidemic has been making havoc among the Chinese residents of Peking. Chinese doctors attribute it to the mild weather following the inundation of last summer.

BLOODY SHOOTING AFFRAY.

A Desperado Threatens the Life of a Farmer and Has His Head Bashed Off.

DANVILLE, Ky., Feb. 17.—News was brought here of a bloody shooting affray on the headwaters of Rock Castle river, in Laurel county. Dan. George and a mountain desperado known as "Bad Ed" Chestnut got on a drunk and went to the house of Ben Owens, a peaceable farmer, and calling from his house, began abusing him at a terrible rate, at the same time threatening to kill him with a gun. He did not want any trouble with the man, and ordered them to leave the premises.

"Bad Ed" finally decided to leave, and tried to induce George to do likewise, but the latter drew a loaded knife and started towards Owens, saying, "Don't you, I'm going to kill you anyhow."

Owens calmly walked into the house and reappeared shortly with an old army musket. George came towards him, and he raised the gun and fired when his assassin was within six or seven feet of the weapon. The gun was loaded with twelve black-and-tan, and the loud crack of the rifle in the face literally tearing his head in two parts. Death was instantaneous as the bullet had been struck by lightning. Owens gave himself up to the officers.

More National Holidays.

WASHINGTON, Feb. 17.—Representative Logan, of Virginia, yesterday introduced in the house a bill providing that Feb. 15, Lincoln's birthday, and April 27, Grant's birthday, be hereafter observed as National holidays.

## SENATE AND HOUSE.

Proceedings of Both Branches of Congress.

THE TARIFF ACT AMENDED.

An Error in Punctuation Corrected, Resulting in Twine—Telegraphic Communication to Be Established Between the United States and Hawaii—But Very Little Done in the House—Other Washington Dispatches.

WASHINGTON, Feb. 17.—In the senate yesterday the credentials of Senators Jones, of Nevada, and Mitchell, of Oregon, were presented and filed. The conference report on the fortification bill was agreed to.

Mr. McConnell addressed the senate in advocacy of his bill, directing proceedings of condemnation against the Union and Central Pacific railroads. The bill was referred.

The house joint resolution to correct an error of punctuation in the tariff act of 1890 (relative to twine) was passed.

The senate then proceeded to the consideration of the diplomatic and consular appropriation bill. After several amendments had been agreed to, the senate, on motion of Mr. Edmunds, at 12:30 p. m., went into executive session. In executive session an amendment to the diplomatic bill was agreed to for the establishment of telegraph communication with the Hawaiian Islands.

This was not a subject that demanded secret consideration, but on account of the international character of the enterprise contemplated, the committee on foreign relations deemed it proper to have it considered secretly, thus preventing any diplomatic matters that might come to the surface during the debate on the measure from being made public. An amendment to establish the Pacific Cable company was proposed recently by Senator Mitchell. The committee on foreign relations reported it back to the senate in a new form so as to authorize the president to contract with "such citizens or corporations of the United States as will appear to be the most prudent and able to that end." For telegraphic communication between the United States and Hawaii, the sum of \$2,000,000 to maintain the line for fourteen years being appropriated, not more than \$250,000 to be paid to the company in any one year.

The motion to go into secret session was made by Senator Edmunds, representing the committee on foreign relations. He explained to the senate, after the doors had been closed, that it was deemed prudent not to bring the amendment before the senate in open session because it might be necessary to discuss diplomatic relations between the United States and Hawaii in connection with it. The discussion branched off into a general debate on the merits of the bill. Mr. Mitchell, who introduced it, and the members of the foreign affairs committee arguing in favor of its adoption.

The question of affixing the amendment to the sundry civil bill, as originally proposed, or to the consular and diplomatic appropriation bill, as provided for the foreign relations committee, was discussed at some length and it was finally decided that it properly came under the head of diplomatic appropriations, and should be attached to the diplomatic and consular bill.

The doors of the senate chamber were not reopened until 4:50 p. m., and immediately thereafter Mr. Quay arose and addressed the senate in relation to charges circulated against him. At the close of his remarks the senate resumed consideration of the diplomatic bill, and the Hawaiian cable amendment adopted in executive session was agreed to.

The bill and amendments having been reported from the committee of the whole to the senate the committee amendments were agreed to.

Pending discussion on an amendment to increase the salary of the minister to Portugal from \$5,000 to \$10,000 the senate adjourned.

In the house Mr. E. B. Taylor, of Ohio, apologized to Mr. Ethian, of Illinois, for advanced unparliamentary language toward him on Saturday last. The conference report on the army appropriation bill was adopted. The house then went into committee of the whole on the Indian appropriation bill, but without disposing of it the committee rose and, after adopting resolutions of sorrow at the death of Gen. Sherman, the house adjourned.

Money Necessary for Pensions.

WASHINGTON, Feb. 17.—The commissioner of pensions all before the house committee on appropriations yesterday a revised estimate of the deficiency of the pension office for the present fiscal year. He shows that during the past seven months the actual payment for pensions has been \$60,000,000. He estimates that there will be required for the old law pensions for the next five months \$55,000,000 and for the cases allowed under the act of June 27, 1890, during the balance of the fiscal year \$25,000,000, making a total for the year of \$80,000,000. There has already been appropriated for this service \$57,000,761, leaving a deficiency of \$22,999,239. The estimate first presented to congress was for \$31,000,000.

Town Site Laws in Oklahoma.

WASHINGTON, Feb. 17.—Mr. Harvey introduced in the house yesterday a bill to extend over the territory of Oklahoma certain town site laws of the state of Kansas and repealing the act entitled "an act to provide for town site entries of lands in what is known as Oklahoma."

More National Holidays.

WASHINGTON, Feb. 17.—Representative Logan, of Virginia, yesterday introduced in the house a bill providing that Feb. 15, Lincoln's birthday, and April 27, Grant's birthday, be hereafter observed as National holidays.

ACCOMPLISHED HIS PURPOSE.

An Eventful Life Ended by Its Possessor Taking Poison.

TOLLEDO, O., Feb. 17.—William R. Times, employed in the power house of the Consolidated Street Railway company, took poison Sunday night in his room, and pulling off his boots, lay down on a cot to await death. He was discovered by the watchman, and a physician was called, but he refused to take an antidote and died in great pain yesterday morning. Times was about 50 years old.

Some years since he was a frontiersman and drove the mules through the Black Hills. He afterwards located in Minneapolis, where he bought a livery stable. This was fired by an incendiary and his wife perished in the flames. He has been since that time tending about the country practicing as a veterinary surgeon. He came to Toledo last fall from Bowling Green, O.

Wednesday's Attraction.  
(Haltmore News.)

Foreman's pretty little Temple Theatre was crowded at the two performances yesterday of the Irish musical drama, "The Black Thorn." Mr. Joseph J. Sullivan appeared in the character of Denry Dolan, a merry Irish lad, and was very successful. He is a graceful and clever actor and singer. During the evening he gave a number of songs and was heartily applauded. Many pathetic scenes in the play and the audience is moved alternately to laughter and tears. The plot relates to a woman's life, and Denry Dolan succeeds in the end in having justice done for her. One of the features of the entertainment is the singing of an accomplished quartette. An excellent company appears in support of Mr. Sullivan, the principal being A. C. Henderson, L. J. Roden, William Vanke Moore, Tony Turner, Miss Rena Persell, Miss Len Peasley, Little Helen Martell, Miss Lillie Barlow, Miss Grace Chase, Miss Dolores Frankel, Miss George Hawley.

A Thankful Sunday school.

## WHAT DO THE COOKS SAY?

We assert that every cook in Marion could equal the instruction of the late Marion Cooking School if she were provided with the same material, stove, fuel, utensils, brains and ingenuity. Who dares deny that Marion ladies are not possessed of the requisite amount of brains and ability? Marion markets can furnish the material. The Marion Gas Co., the fuel and Cunningham & Stowe, 222 East Center Street, can furnish the only gas stove manufactured that will with the same care and attention, equal gasoline.

The ladies who failed to witness the stove in operation can examine it at leisure and at the same time witness the elegant display of
